RESEARCH EXPERIENCE

Graduate Research Assistant **2025**
University of Missouri

- Collected and standardized information from all 50 U.S. state SNAP program websites on eligibility rules, including asset limits, household composition, income criteria, and changes over time.
- Documented cross-state variation in SNAP eligibility relative to federal baseline rules, with particular attention to deviations from federal asset-limit policies.
- Reviewed state SNAP websites for the availability and functionality of online eligibility screening tools for potential applicants.
- Identified and documented inconsistencies and discrepancies in publicly available program information across states.

Research Assistant **2020–2021**
Gokhale Institute of Politics and Economics

- Analyzed district-level economic and demographic data from India for applied development research.
- Assisted with data cleaning, replication, and empirical analysis in R and Stata.
